20 Gallon Wet/Dry Vacuum - Dual Motor - 192CFM - 80in Water Lift

The PF57 dual vac model is the "powerhouse" of wet/dry vacs. The dual motors ensure maximum performance and minimizes debris clogging. Nothing is easier than "tip and pour" waste water disposal. Our new wet/dry vac models have the capacity and power for large water recovery jobs or dry debris pick-up in the shop or on the job site. They are perfect for hard floor maintenance jobs, recovering floor strippers and hard floor cleaners easily. The swivel hose connector allows 360° hose rotation, letting you move the vacuum without fear of disconnect. These wet/dry vacs feature a two stage filtration process with a washable permanent cloth filter bag that keeps dust from circulating back into the air and a super performance pleated paper cartridge filter for more efficient general application filtration.

### EQUIPMENT WARRANTY INFORMATION

All Powr-Flite equipment has been carefully tested and inspected at the factory. It is guaranteed, subject to the terms stated in this warranty, to be free of defects in materials and workmanship. We will repair or replace any parts which, upon examination, prove to be defective in material and workmanship. For warranty claims, call our Customer Service Department.

NOTE: Electric cable switches, carbon brushes and couplings are excepted from these guarantees, but the purchaser is assured meticulous care has been exercised in the selection, assembling and testing of these parts before shipping. This warranty does not apply to damage caused by accident, misuse, negligence, abuse, fire or to any Powr-Flite product which has been repaired by other than an authorized Powr-Flite distributor or factory personnel. Warranty is void if products are used for any purpose other than that which was intended. Please read instruction manuals and maintenance instructions carefully.
