velocity, through the carpet fibers, and then directly back into the recovery chamber. Our unique technology prevents any solution from soaking into the pad and backing below. This allows you to increase the pressure and water flow, without soaking the carpet! The result is carpets that are cleaner and dry faster.

Top Quality Components - Our wand features only the best components. All stainless steel construction... 1,000 p.s.i. heavy duty valve... Stainless steel braided solution line... Brass final filter with stainless steel mesh... quick release spray tips.

Ergonomic - The Wonder Wand incorporates the latest in ergonomic design. The unique "roller" system allows the user to maintain a more upright posture to reduce back fatigue. It also allows the wand to be rolled forward on the return stroke, eliminating the need to pick the entire wand up. You will be amazed how this will reduce fatigue after a long day of cleaning.

> Powr-Flite: Wonder Wand - 12in - Double Jet - Double Bend

Powr-Flite: Wonder Wand - 12in - Double Jet - Double Bend

The unique roller system allows you to roll the wand forward and pull it back. No need to lift the wand!

Final filter and quick release spray jets reduce clogging and provide for easy maintenance.
