

## Shazaam: Selector-Injector Injection Sprayer

Model : SbmSelect

Shazaam: Selector-Injector Injection Sprayer

Manufacturer : Shazaam

The Selector-Injector Injection Sprayer From Shazaam Mfg. Allows operator to select which of the 2 quart jugs (included) that you might want to draw out of.

Simply select the bottle you want to draw from by moving the lever on the rear of the sprayer.

When spraying out of one side the other bottle on the other side is turned off.

Rear entry fill caps eliminate removing bottles off sprayer.

Designed and built by the same person that invented the original injection sprayer over 27 years ago.

Saves trips from going back and forth to the van to change chemicals.

Some cleaners this is saving them up to 15 min. a day!

You can set one side to spray at 1 to 4 and the other to spray 1 to 8 or keep them the same ratio, your choice.

Injection sprayer jugs are double thick to ensure they will not crack or break.

The male QD is at a 45 degree angle pointing towards the carpet - not horizontal to help keep the natural flow of hose management.

Spray tip is a 6506 with a check valve strainer to ensure that the spray lance is dripless.

4 Easy-To-Clean filters included: One behind the spray tip, one at the bottom of each draw tube, and one next to the male QD

Injection sprayer spray 10 times faster than a pump-up sprayer and eliminate running harsh chemicals through your pump for longer pump life.

You could use one jug for traffic lane cleaner and one for urine pre-treatment, or one for traffic lane cleaner and one for fabric or carpet protection, or one for traffic lane cleaner and one for pet deoderant, what ever you want...

&gt; Optional extra jugs \$12 each

**Price : ~~\$299.99~~**

**Special price : \$288.88**
