

Shurflo: 45Psi - 3.6gpm Diaphragm Pump

Model : 2088-514-145

Shurflo: 45Psi - 3.6gpm Diaphragm Pump

Manufacturer : SHURflo

The 2088 is our most popular line of small delivery pumps. These Positive displacement diaphragm pumps make excellent household pressure pumps. Applications include RV's, remote homes and cabins, and marine. The Shurflo

2088 pumps up to 3.6 gallons per minute, and they can be run dry without harm. These pups are not designed for continuous heavy duty use - for those, see the Dankoff pressurizing pumps.

They have a built-in pressure switch and 1/2" male pipe thread ports for connection to common plumbing fitting. For General water pumping, this pump can self prime to Ten feet and lift water up to One hundred feet.

2088 Features:

Self priming up to 12 feet

Can run dry without damage

Optional motor cooling fins

one way check valve prevents reverse flow

Available for 12 VDC, 24 VDC and 115 VAC

Automatic operation with pressure deamnd switch.
