

Viking Equipment: Professional Axial Fan With (GFCI)

Model : VP3000

Viking Equipment: Professional Axial Fan With (GFCI)

Manufacturer : Viking Equipment

Connect up to four of Viking's new VP3000 Axial Air

The Viking Professional Axial Air Mover provides up to 3000 CFM with its Focus™ Technology. It outperforms the competition by directing airflow towards the hardest to dry areas, such as corners, floors, and walls. The stainless steel control panel offers the operator a single point of control for up to four units on a single power source.

Performance

- Greater air velocities than competitive products
- Focused velocities 0 to over 23.5 feet
- Directs airflow towards problematic corners, where the wall meets the floor
- Capable of reducing secondary damage claims stemming from the side effects
- 3000 CFM
- Long life 2-speed motor

Construction

- Lightweight and compact Linear Low Density Polyethylene (LLDP) housing is washable, and chemical resistant
- Units interlock for ease of stacking during storage and handling
- Ergonomic handle
