

## The first digital and fully modular 3Kw L-M-H Industrial vacuum

Model S3 is equipped with 3 bypass motors. It is easy to use thanks to the control panel supplying real time data about the vacuum efficiency, it is light but strong. L, M, H certified for the collection of hazardous dust.

S3 is equipped with a control panel supplying real-time information about the vacuum efficiency. It is available with 50 or 100 liters containers, in stainless steel, with gravity unload system (plastic bag or Longopac), L-M-H certified or with absolute filter for the collection of toxic or fine dust, with nomex filter (ideal in case of collecting of hot substances), with electric filter shaker: many versions for many different needs. From today it is easier working!

- 3 bypass motors
- L, M, H certified for the safe collection of hazardous dust
- electric control panel
- electric or manual filter shaker version
- compact vacuum easy to move in the production area
- HEPA H14 absolute filter version
- container release system
- container with castors and handle accessory box, cable/pipe holder
