

20 HP Truckmount Start up Package

Add HOT Tile Cleaning and Pressure Washing To Your Carpet Cleaning Business

Includes each of the items below to help you get started

Favorite Electric/ Gas Combination Package

20 Hp truckmount / 2000 psi / 3 gpm / Constant 200,000 BTU of Heat / Clean All Surface Types!

Package is normally operated off electric clothes dryer plug but includes a back up generator.

Cost way less than traditional 20 HP / 36 blower truckmount but offer more heat and auto dump.

Click on each link below to open in a new tab to read more about that item!

Package allows you to remove the Goliath from truck to clean high rise work with optional high flow extraction kit.

(Regular bolt in truckmounts cannot do this)

Build in 30 gpm auto dump for flood extraction (regular bolt in truckmounts require a \$1000 upgrade kit to convert to auto dump)

Package will operate on 4 cords, 5 cords, 6 cords, 240 volt converter pack off the clothes drier plug, or off generator

Performance specs: 6000 Cleaning Unit Speed + 74,000 Vacuum Units + 200,000 BTU of heat = 280,000 Performance Units

-DriStorm Goliath 6.6 Flood Pumper 26gal Quad 6.6 Vacs Pressure Washer Recovery 120v with Lint Filtration

- 50 amp Vacuum provides Massive 74,000 Vacuum units

Operates on one, two, three, or all 4 power cords depending on how much hose you want to run.

Operates 350 of hoses with ease.

Full time 30 gpm auto pump out.

True flood pump and extraction.

Offers same vacuum as a Roots 36 blower / Tuthill 3006 / Denver 3mp Vacuum Blowers for less money

Dual port discharge: Garden hose for cleaning, or 1.5" for flood extraction.

Internal check valve system allows for use with 1 power cord, 2 cords, 3 cords, or all 4 power cords.

BE Pressure BE-12000ER 12000 Watt Generator Electric Start 623cc 20Hp Clean Power Automatic Voltage Regulator

Have on board back up power when customer's provided power is not available.

Strong enough to operate all 6 power cords from this package.

Add HOT Tile Cleaning and Pressure Washing To Your Carpet Cleaning Business [20150755] HW204EMD

Upgraded to include coverter package, pressure gauge (self install), rust bleeder hose with male QD

200,000 BTU of non stop heat in 30 seconds

Specifications

Motor 4HP Marathon Electric

PSI 2000

GPM 3.0

6000 cleaning units/Speed cold

12,000 cleaning units/Speed Hot

Amps 18

Includes 50 ft solution hose, lance, and
Up-stream chemical injection

Heats water with diesel or kerosene.

Preset 200 degree F rated in 30
seconds.

5 year General Pump Warranty

[Download Spec Sheet](#)

Estimated amp draw and different pressures:

50% to turn on (9 amps) and .45 amps for every 100 psi you ask it to push

Example:

500 psi = 9 amps on + 2.25 for the pressure = 11.25 amps

1000 psi = 9 amps on + 4.5 amp for the pressure = 13.5 amps

1200 psi = 9 amps on + 5.4 amps pressure = 14.4 amps

1500 psi = 9 amps on + 6.75 amps pressure = 15.75 amps

Note:

Do not allow to freeze

Unit weight is estimated at 300 lbs once it has water in it so you will need a ramp if you plan on taking in and out of your service truck.

If you are going to add a pressure gauge, please do so on the cold side of the unit (before the heater)

You can remove the wheels and "U" bolt over each axle to bolt down to your service trailer/van for permanent installations.

Testimonial:

"I wanted to let you know how pleased I am with you recommending the [Goliath 6.6 quad vacuum](#) recovery and the

be9000 watt generator. I did a basement flood job that was approximately 4 inches deep on the concrete. I thought I would be there all day but the Goliath had the water out and job done in 1-1/2 hours! The Goliath will really pump 30 gal. a min like its stated on your web site. I highly recommend the Goliath. Thanks Gary Lindbom" garyscarpetclean.com

"I used the Goliath Quad 6.6 to perform a tile cleaning service using the TH15 spinner wand and the Clean Storm 6720 pressure washer.

The job site required me to leave the machine on a higher floor than the surface being cleaned.

With the pressure washer set at 1700 psi and applying the water with dual 02 jets using the TH15 spinner wand

Cleaning one and two floors below the Goliath I only needed to run two vacuum motors to pick the water straight up vertically 24 ft and over horizontally 100 ft. using 150 ft of 2" ID vacuum hose.

Cleaning 3 and 4 floors straight up (48 ft) and over 100 ft, I used 3 vacuum motors.

Cleaning 5 floors (60 ft) straight up plus 100 ft. horizontally, I ran all 4 vacuum motors and it worked perfectly!"
