

## **MARBLE KLEEN**

### **DESCRIPTION**

Marble Kleen is a biodegradable, water-based, non-acidic, liquid concentrate cleaner, designed to remove grease, grime, soil, dirt, soot, carbonized oil, light to medium rust and other surface contaminants from natural stone surfaces. Marble Kleen is recommended for marble, limestone, granite, travertine, terrazzo, quartz and slate.

### **INSTRUCTIONS**

Apply the concentrated solution to the floor using a brush or sprayer. Allow to remain on the surface for 5 to 15 minutes. Sponge rinse the surface thoroughly using fresh water. Marble Kleen can be diluted with up to 3 parts of water for light to medium duty cleaning. For restoration cleaning use undiluted.

*Limitations:* Black marble is frequently dyed to even out the color. Pretest to be sure the dye is not removed. Marble Kleen will remove waxes or other applied finishes.

### **FEATURES**

- Will not damage glass or metal
- Odorless for interior applications
- Non-Acidic, safe on all natural surfaces

### **SPECIFICATIONS**

Appearance: Clear Blue Liquid  
Odor: Mild  
Specific gravity: 1.076

pH: 8.5-9.5  
Biodegradable: Yes

### **SAFETY**

Keep this and all chemicals out of the reach of children! This product is non-toxic to users, and non-corrosive to metal, at any dilution. It is non-flammable as well and has no flash point.
