HE SERIES Cold Water Pressure Washer

Electric Powered | Direct Drive Pump | Hand Carry | Outdoor or Indoor

The Shark HE is a hand carry pressure washer that goes where other pressure washers cannot go. Powered by a reliable Baldor motor, the HE is mounted on a steel frame and protected by a powder coat finish, and comes with 30 feet of high pressure hose, a two-piece wand and detergent injector with brass soap nozzle. The HE series is popular for indoor cleaning jobs, especially in multi-story buildings. The performance ranges are great for cleaning air conditioning units, condensers, or other hard to reach mechanicals. While built solidly throughout, the models weigh less than 100 lbs.

Ideal For:

- Light Equipment
- Cars, RVs
- Home Siding
- Plant Maintenance
- Decks, Gutters
- Driveways, Fences

FEATURES

- Durable, **coaxial Comet high-pressure pump** with forged brass head, ceramic pistons
- Safety **thermal pump saver valve** protects against hot-water damage by venting recirculated water
- Rugged steel **chassis** protected by an **epoxy powder coat finish** for all-weather resistance; handles made of 1/4" steel tubing
- **Downstream detergent injector** for easy application of detergent
- **Quick-release couplers** and **tangle-free, swivel crimp fitting** positioned on hose for ease of operation
- Insulated, two-piece **wand** provides point-and-shoot cleaning with quick-couple connectors for convenience in attaching high-pressure nozzles
- 30 ft. of non-marking color-coded, **wire-braid hose** with **safety hose guard** for operator protection against high-pressure burst
- Heavy-duty, insulated **trigger gun** is rated for 3650 psi and features a fatigue-free handle
- **Inlet filter** screens debris from entering and damaging pump
- 36 ft. **electrical cord** with **ground-fault circuit interrupter** for operator safety
- Easy-to-understand **tri-lingual operating instructions** for multi-lingual operator and owner protection
- Quick-couple **stainless steel nozzle** for ease in attaching to the wand and long life
- Enclosed **electrical box** with two-position rotary on/off switch
- Durable integrated **unloader** diverts water flow when trigger gun is not in use
- High-quality, tamper proof **unloader valve** for safety
