

Husqvarna LF 50 L

LF 50 L is a lightweight, fast-operating forward plate compactor, ideal for compacting thin to medium layers of granular soils. A unique plate shape and optimised speed enable fast and easy compaction with high production rates. The exclusive, patented low-vibration handle protects you from unhealthy vibration levels and the compact design with foldable handle make transportation and storage easy.

Protect the paving

The optional, easy-to-attach block paving kit protects paving blocks from scratches and cracking.

Easy handling

The lifting eye, foldable handle and optional wheel kit make transporting the compactor easy.

Hours of efficient work

The efficient, patented low-vibration handle lowers the vibration levels below 2 m/s^2 , allowing you to work for hours without becoming fatigued or exceeding any regulatory threshold limit values.

Saving storage space

The handle completely folds to save space, making transport and storage easy.
