

Husqvarna LF 100 LAT

The LF 100 LAT is a fast-operating forward plate compactor, designed for efficient compaction of asphalt and soil. It is ideal for repair jobs and maintenance work, such as driveways and parking lots. The large water tank features an oversized cap to enable less frequent and faster refills. It is easy to clean, leaves no marks on the pavement and uses whatever water is available on-site.

More work with less water

The large corrosion-free water tank and smart water distribution system enable you to work longer with less stops for re-filling.

Easy handling, excellent results

The watering system, that prevents the bottom plate from sticking to the hot asphalt, uses only a minimum of water thanks to the easily adjustable water flow.

Hours of efficient work

The efficient, patented low-vibration handle lowers the vibration levels below 2 m/s^2 , allowing you to work for hours without becoming fatigued or exceeding any regulatory threshold limit values.

Optimized for asphalt

The bottom plate is specially designed for asphalt work, ensuring it will not get stuck on hot asphalt or leave turning marks.

FEATURES

- Hours of efficient work
 - Easy handling, excellent results
- More work with less water
 - Optimized for asphalt

Technical Specifications	
ENGINE	
Motor/engine model	GX160
Exhaust emissions (CO2 EU V)	757 g/kWh
SPECIFICATIONS	
Speed forward max	0.93 mph
Speed	25 m/min
Starter	Recoil
DIMENSIONS	
Plate width	500 mm
Weight	236 lbs
SOUND AND NOISE	
Sound power level, guaranteed (LWA)	105 dB(A)
Sound pressure level at operators ear	103 dB(A)
PACKAGING	
Packaging length	620 mm
Packaging width	850 mm
Packaging height	840 mm
Packaging volume	443 dm³
