

## Husqvarna DMS 400

DMS 400 is a powerful and sturdy electric core drill and stand for medium to heavy core drilling where reliability and high productivity is needed. An ideal sturdy system suitable for walls, floors or roofs up to 350 mm diameter. The stand is quick and easy to set up and connect to the drill motor and provides stability when drilling for water evacuation, ventilation, angle drilling and stitch drilling.

### Optimised RPM's

Enables high drilling performance.

### Sturdy and durable

The metal design with optimal setup of steel, aluminium and magnesium components ensures stability and durability without adding unnecessary weight.

### Easy to install and operate

The quick-release coupling for drill motor and easy adjustment of back support angle allow for easy setup and angle drilling. The carriage can easily be removed from the column when needed.

### Load indicator

The LED indicator shows the load of the machine, allowing the operator to always drill at maximum pressure, for best performance.

## FEATURES

- Easy to install and operate
- Sturdy and durable
- Optimised RPM's
- The LED indicator shows the load of the machine, allowing the operator to always drill at maximum pressure, for best performance.
- Drilling holes in stepless adjustable angles.
- Drilling for installation of stair rails, fences, etc.
- Drilling horizontally.
- Drilling multiple holes next to each other to make openings.
- Drilling for water evacuation.
- Drilling upwards and downwards.
