

PROPACK[™] Model SRS-600 RECHARGEABLE ELECTRIC BACKPACK SPRAYER

New from SHURflo, the SRS-600 offers breakthrough performance, convenience, versatility and comfort in a backpack sprayer. ProPack[™] eliminates the need for the operator to continually "pump up" the sprayer to maintain a constant and steady spray pattern as with manually powered sprayers, making spraying faster and easier than ever.

The ProPack's micro-processor control allows the operator to select one of four pump speeds, that when used in conjunction with the included adjustable cone nozzle can deliver a delicate mist, high volume spray, or long-range stream to meet any spraying need.

The unique battery pack can be easily removed without the use of tools for remote charging. The lightweight ergonomically designed tank, full breathable pack pad, thick resilient shoulder pads, and waist belt make the ProPack[™] comfortable even with a full load.

Contact SHURflo to find out more about the SRS-600 and our full line of innovative fluid handling products. *"First in Fluid Innovation"*

- ▶ **Sprays up to 120 gallons [454 Liters] on a single charge**
- ▶ **High performance chemical resistant SHURflo pump**
- ▶ **Advanced microprocessor pump control**
- ▶ **Variable speed and adjustable nozzle for light or heavy duty spraying**
- ▶ **Ultra comfortable ergonomic design, full back pad, and thickly padded shoulder harness**

Model SRS-600 RECHARGEABLE ELECTRIC BACKPACK SPRAYER

- ▶ Advanced one touch master control-select from four speed settings by simply pushing the easy to reach control button.
- ▶ On demand operation-depress the hand lever to begin spraying-release to stop.
- ▶ Select low speed settings for a light mist for delicate work.
- ▶ Use the high settings for a dense spray to cover large areas quickly.
- ▶ Set the spray tip to stream and select the high speed setting on the pump for hard to reach areas.
- ▶ The micro-processor regulates pump speed for consistent spray at all settings.
- ▶ The status lamp indicates power on, and blinks when the battery needs recharging.

- ▶ Convenient battery pack removes in seconds for remote charging.

- ▶ Computer engineered design perfectly matches the body's contours.
- ▶ Heavily padded adjustable shoulder straps, full back pad and waist belt provide the ultimate in user comfort.

- ▶ Adjustable spray tip provides a uniform cone pattern.
- ▶ When in the maximum open position the tip delivers a long range stream for easy spraying of hard to reach areas.

Technical Specifications:

Tank Material	Polyethylene
Tank Capacity	4 US gallons
Battery	12 Volt, 7.0 Amp/Hour Sealed Lead/Acid
Charger	Automatic Sealed Lead Acid 120 Volt 60 Hz input / 240 Volt 50 Hz input, 12VDC 1000 mA Output
Pump	12VDC, 1.0 GPM Max. 40-PSI Demand Switch
Pump Material of Construction	Polypropylene Pump Body, Viton valves, Santoprene Diaphragm
Duty Cycle	Intermittent
Spray Hose	Reinforce/Braided PVC
Spray Wand	Polypropylene handle, Polypropylene lance, Plastic Tip, Adjustable Cone/Stream Pattern
