

The Spinner™

The **Spinner™** sets a new standard in ergonomic hard surface cleaning. The Spinner is designed to work on a wide variety of areas, including bathrooms, sidewalks, grouted tile, ceramic tile, rubber studded floors, and more. They feature rebuildable flange mounted carbide swivels, and a replaceable skirt brush. The handles are made of heavy duty stainless steel. All are rated for use with PSI as low as 350 and as high as 3000.

The Spinners don't look like any other tool you've seen before, and no other tool cleans like them.

Benefits

Features

- Durable high pressure hoses and guns
