Hydramaster 000-111-135 CTS 403 Truck Mount Vacuum Blower, Tuthill 3006 COMPETITOR TRILOBE

Model Number: 000-111-135

Hydramaster 000-111-135 CTS 403 Truck Mount Vacuum Blower, Tuthill 3006 COMPETITOR TRILOBE

Manufacturer: HydraMaster

HydraMaster 000-111-135 Tuthill 3006 Competitor Trilobe Vacuum Blower
HydraMaster replacement vacuum blower, part number 000-111-135, identified by HydraMaster as the 3006 Competitor Trilobe. This blower is documented in the Chem-Dry CTS 403 Flex owner's manual.

Product Identification

HydraMaster Part Number
000-111-135

Blower Manufacturer
Tuthill

Blower Designation
3006 Competitor Trilobe

Documented Truckmount Application
Chem-Dry CTS 403 Flex

Manual Reference
CTS 403 Flex blower assembly 610-002-747, Revision B; Figure 8-13,
item 3, printed page 8-15

Truckmount Compatibility — Check the Exact Part Number
Not all Tuthill 3006 blowers carry the same HydraMaster part number. HydraMaster lists 000-111-134 as the 3006 Competitor SL and 000-111-135 as the 3006 Competitor Trilobe. The shared "3006" designation does not establish interchangeability.

Will This Blower Fit a Boxxer 318?

The Boxxer 318 used a Tuthill 3006 Competitor SL, but its reviewed parts list specifies HydraMaster 000-111-134. We have not verified 000-111-135 as a direct replacement for that part. Before purchasing for a Boxxer 318, confirm the replacement with HydraMaster or Steam Brite using your machine's serial number and existing blower identification plate.

Before You Order

Please provide the following information when requesting fitment assistance:

Parts & Accessories > Blowers and Vacuum Pumps > Hydramaster 000-111-135 CTS 403 Truck Mount Vacuum Blower, Tuthill 3006 COMPETITOR TRILOBE

Hydramaster 000-111-135 CTS 403 Truck Mount Vacuum Blower, Tuthill 3006 COMPETITOR TRILOBE

- Truckmount model and serial number.
- A clear photograph of the existing blower's identification plate.
- The complete blower model and part number.
- Photographs showing the shaft, mounting feet, and inlet/outlet connections.

Verify shaft configuration, rotation, mounting arrangement, and connection sizes against the supplied replacement. Any proposed substitution for 000-111-134 requires confirmation from HydraMaster or the blower supplier.

Installation and Lubrication

Before startup, check lubricant levels according to the instructions supplied with the replacement blower. Follow the blower manufacturer's requirements for approved lubricant, initial service, and ongoing maintenance. Refer to the applicable truckmount manual for installation and operating procedures.
