Questions and Answers on Bundle 19434599
Q. How hot can the water get?
A. Only as hot as you get out of the sink, shower head, or washing machine hose connection. This system does not offer any additional heater but you can purchase a stand alone heater.

Mytee BZ-102LX Breeze Carpet Cleaning Portable Extractor 10gal 220psi Dual Vacuum Trex Jr Chemicals Sprayer Bundle 19434599

Q. What is the package advantages and disadvantages over some other systems?
A. This package will let you pre-spray about 10 times faster than a pump up sprayer followed by letting you agitate and rinse, extract at the same time by use the Trex JR wand. This package includes dual 50 ft power cords so it is always easy to find 2 breakers. This package includes the speed crevice tool that lets you finish the job by picking up pet hair balls and dirt that is all around the perimeter. This package includes 50 ft of hoses which is 100% longer than other packages on the market so you spend less time relocating your machine. The ultimate system would let you have more vacuum to run longer hoses, wider Trex 15 wand (rinse 23% faster), more heat, with more vacuum and auto fill and dump. You would have to spend about double this package price though.
Q. What is the maximum cleaning distance with this system?
A. Only 75 ft. This machine will clean out 150 ft with 2” id vacuum hose and a standard 12” wide 2 jet wand but this is not a standard wand and it is using 1.5” ID vacuum hose with a rotary power wand.
Q. Can this machine operate on dual 15 amp breakers?
A. Yes, but all the wires are going to get how as this machine is pulling a full 15 amps.
Q. Can this machine operate on just one outlet.
A. Yes, you would only be able to turn on 1 vacuum motor, and water pump. Every home and business has multiple breakers so in reality you would never do this. I operated a 5 corded/ breaker machine for 20 years and never had a problem plugging it in.
