-

Description
Truckmount Power in a Portable. That might sound like a bold statement, but it’s the truth. Just ask anyone who’s experienced what the Breeze™ can do.

The sources behind the Breeze’s power are the two Mytee® exclusive LX™ vacuum motors, producing up to 250 CFM and 180″ of water lift (about 13.2″Hg). What’s even better is it’s producing that kind of suction at the carpet.

Representing the pinnacle of power and portability, the Breeze™ line of extractors are brimming with exclusive, high-value features set to make waves across the industry.Thanks to the high efficiency heater, this unit cuts through stubborn soil and grease like a hot knife cuts butter. They’re a true force to be reckoned with.
Features and Specifications

Questions and Answers on Bundle 18395978
Q. How hot can the water get?
A. Only has hot as you pour the water into the fresh water tank. The pump is rated for up to 140 degree F water temp.
Q. What is the package advantages and disadvantages over some other systems?
A. This package will let you pre-spray about 10 times faster than a pump up sprayer followed by letting you agitate and rinse, extract at the same time by use the Trex JR wand. This package includes dual 50 ft power cords so it is always easy to find 2 breakers. This package includes the speed crevice tool that lets you finish the job by picking up pet hair balls and dirt that is all around the perimeter. This package includes 50 ft of hoses which is 100% longer than other packages on the market so you spend less time relocating your machine. The ultimate system would let you have more vacuum to run longer hoses, wider Trex 15 wand (rinse 23% faster), more heat, with more vacuum and auto fill and dump. You would have to spend about double this package price though.
Q. What is the maximum cleaning distance with this system?
A. Only 75 ft. This machine will clean out 150 ft with 2” id vacuum hose and a standard 12” wide 2 jet wand but this is not a standard wand and it is using 1.5” ID vacuum hose.
