Speedster® LTD3 Carpet Extractor
Superior performance – Add heat to your cleaning equation with the LTD3’s powerful 1,600 watt heater that breaks apart soil and set-in stains with 210ËšÂ maximum heated solution. Along with its 500 PSI adjustable pump and powerful dual 3-stage vacuum motors, the LTD3 will get you the results you need, job after job.
User-friendly features – Including an auto-fill and auto pump-out, dual external vacuum ports, waist-high switch plate and regulator, waist-high prime valve with an industry-first recovery tank rinse hose, a solution tank drain.
Optional features:

Accessory tray

Durability – Sleek new body design made from roto-molded polyethylene, 10” foam-filled, semi-pneumatic wheels and 4” locking casters for safe and easy transport.
Customer Service – Mytee® always offers a limited lifetime warranty and national network of service centers.
The new Speedster® LTD line of extractors will take your cleaning capabilities to the next level with the combination of power, versatility and efficiency. Available in both heated and cold water models, the Speedster® LTD will change the way that you look at portable extractors!

Questions and Answers on Bundle 18851765
Q. How hot can the water get?
A. If you stop cleaning, the 1 quart heater tank under the hood will reach about 200 degrees F and turn itself off. At no point is the 11 gallon fresh water tank heated up. Once you pick up the cleaning wand and start cleaning again, the water will attempt to reach 200 degrees but as long as your using the water it will not reach that level of heat. Most cleaners using a standard 2 jet wand with a 2/3 time rinse stroke and 1/3 time dry stroke will achieve about a 20 degree rise up and above what water temperature was poured inside of the machine. 20 degrees F is enough temperature rise to change your water molecule vibration and cleaning results by 100%.
Q. What is the package advantages and disadvantages over some other systems?
A. This package will let you pre-spray about 10 times faster than a pump up sprayer followed by letting you agitate and rinse, extract at the same time by use the Trex JR wand. This package includes dual 50 ft power cords so it is always easy to find 2 breakers. This package includes the speed crevice tool that lets you finish the job by picking up pet hair balls and dirt that is all around the perimeter. This package includes 50 ft of hoses which is 100% longer than other packages on the market so you spend less time relocating your machine. The disadvantage of this system is the machine is not auto fill and auto dump. The ultimate system would let you have more vacuum to run longer hoses, wider Trex 15 wand (rinse 23% faster), more heat, with more vacuum and auto fill and dump. You would have to spend about double this package price though.
Q. What is the maximum cleaning distance with this system?
A. Only 50 ft. This machine will clean out 125 ft with 2” id vacuum hose and a standard 12” wide 2 jet wand but this is not a standard wand and it is using 1.5” ID vacuum hose.
