ZipWall Temporary Construction Barrier

Protective Barrier Sets Up in Minutes

NOTE FACTORY STATES: NO LONGER INCLUDES FOAM RAILS

ZipWall is a versatile, easy-to-use protective barrier system that helps protect occupants from harmful dust and airborne particles. The ZipWall system goes up easily in minutes without the need for special tools. Telescoping, twist-lock ZipWall poles topped with the patented spring-loaded ZipWall jack adapt to various ceiling heights and enable the user to temporarily screen off a wide range of work area sizes and shapes with plastic sheeting.

ZipWall features include:

- Build various enclosure sizes and shapes
- Fast & easy assembly
- Adjustable, twist & lock poles
- Use with barriers up to 8 mils
