Manufacturer: Annovi Reverberi Pumps

AR Pump XMV3G32D-F24C2 Pump: 3/3200 + 21669 Unloader
Description
The XMV3G32D-F24C2, presented by Annovi Reverberi, is a high-quality plunger pump ideal for a multitude of applications. Whether you’re in need of a reliable pump for pressure washing, misting systems, car washing stations, or even industrial cleanings, this model promises impeccable performance and versatility. Recognized for its sturdiness and durability, it showcases an excellent lifespan even under intensive use.
Engineered with robustness in mind, this AR plunger pump boasts a variable RPM and high PSI, which together help deliver desirable results for all your pumping applications. It also showcases excellent GPM to ensure efficient fluid transfer. Whether you are looking to invest in your business or for your personal projects, the XMV3G32D-F24C2 stands as a dependable, high-performance option.
Features

- Applications: Ideal for pressure washing, misting systems, car washing stations, and industrial cleaning.
- GPM (Gallons Per Minute): Suitable for efficient fluid transfer.
- RPM (Revolutions Per Minute): Variable to cater to different application necessities.
- PSI (Pounds per Square Inch): High PSI for effective pressure generation.
- Durability:Constructed for robust use and boasts a prolonged lifespan.
