Manufacturer: Annovi Reverberi Pumps

AR Pump XT1114N Pump: 3/2000 1450RPM
Description
The Annovi Reverberi (AR) Plunger Pump XT1114N is a precision-engineered machine renowned for its durability, performance, and efficiency. Its tough, industrial grade construction makes it ideal for heavy-duty applications. Essential for many cleaning applications, it is specifically designed for pressure washing, sewage jetting, hydrostatic testing, and irrigation. It also proves to be a reliable tool for powering floor care machines, cooling, and misting applications.
Powered by 1450 RPM and generating 2000 PSI, this plunger pump offers a stable and consistent power supply ensuring quick and effective cleaning. Its compact structure, along with easy operability, makes it an essential tool for any rigorous cleaning tasks. Characterised by its less maintenance need, it is a highly reliable and cost-effective solution that delivers unparalleled performance.
Features/Specifications

- GPM: This pump offers generous gallons per minute (exact GPM subject to the specific model).
- PSI: With a mighty 2000 PSI, it provides exceptional cleaning power.
- RPM: It operates with an impressive motor speed of 1450 RPM.
- Usage: Equally efficient for heavy-duty applications such as pressure washing, sewage jetting, and hydrostatic testing.
- Maintenance: The pump is known for its durability and requires minimal maintenance, ensuring the long-term profitability of your investment.
