AR Pump XTA2G20E Pump: 2/2000 1750RPM

Manufacturer: Annovi Reverberi Pumps

AR Pump XTA2G20E Pump: 2/2000 1750RPM
Description
This Annovi Reverberi (AR) XTA2G20E Plunger Pump is a robust and reliable piece of equipment for a wide array of applications. With a maximum output of 1750 RPM, this pump provides super-efficient service at a very high pressure. Whether you are operating a pressure washer, a fire suppression system, or simply need a reliable pump for any water-related system in commercial or residential premises, this pump is an excellent solution. It is also a perfect choice for heavy-duty cleaning and sanitation tasks, with high durability ensuring it stands up to rigorous use.
The plunger pump's advanced design ensures high efficiency and a compact footprint. The triplex design reduces vibration and noise, enhancing user comfort. The pump's sealed system ensures that there are minimum leaks and maximizes the life of the pump.
