AR Pump XTV2G15EBA-F8M2 Pump: 2/1500 3400RPM
Description

This Annovi Reverberi (AR) Plunger Pump is a premier choice for heavy-duty pressure washing systems. Known for their superior longevity and efficiency, they are the perfect replacement for your existing system or a solid base for a new setup. The XTV2G15EBA-F8 variant delivers a superior performance and can handle the most demanding cleaning tasks, making it suitable for professional applications, agricultural cleaning, industrial use, or even thorough home maintenance.
With a maximum speed of 3400 RPM, it ensures quick and effective operations, leaving your surfaces squeaky clean every time. The rugged construction ensures exceptional durability, and the power doesn't come at the cost of ease of use. Whether you're cleaning farm machinery or blasting grime off industrial equipment, this is the plunger pump you can trust.
