AR Pump XWLA11G30NB Pump: 11.1/3000 1750 RPM
Description
This durable and high-performance Annovi Reverberi (AR) Plunger Pump is just what you need for all your intensive power washing tasks. Whether taking on grime, debris, or those stubborn stains, the XWLA11G30NB model is ideal for professional or industrial cleaning applications. Achieving an admirable 11.1 gallons per minute (GPM), 3000 pounds per square inch (PSI), and an operational capability of 1750 revolutions per minute (RPM), this pump provides the power and speed required to tackle demanding pressure washing operations.
The product is versatile and adaptable, making it useful in a variety of different fields including but not limited to; pressure washing, car wash systems, carpet cleaning, hydro excavation, and sewer jetting. Its solid construction and high specification performance make it a first choice for those needing reliability and endurance.
Features and Specification

- Optimal Performance: Operating at 11.1 GPM, 3000 PSI, and 1750 RPM.
- Versatile: Can be used for pressure washing, car washing, carpet cleaning, hydro excavation, and sewer jetting.
- Durability: High-performance level and solid construction ensures the pump's robustness and long-term reliability.
- Professional Cleaning: Ideal for heavy-duty cleaning in a professional and industrial setting.
- Manufacturer: Sourced from Annovi Reverberi (AR), a highly reputable manufacturer in the pressured pump industry.
