AR Pump XWM2128N-CR Pump: 5.5/4060 1450RPM
Description
The Annovi Reverberi (AR) Plunger Pump XWM2128N-CR is a high-performance pump suitable for continuous industrial use. This robustly designed pump delivers an impressive 5.5 GPM (gallons per minute) flow rate at an outstanding pressure of 4060 PSI (pound per square inch), operating smoothly at 1450 RPM (revolutions per minute).
It's particularly suitable for a range of applications, including power washing services, car washing stations, carpet cleaning services, sewer jetting, and industrial cleaning. Made by Annovi Reverberi, a top-notch brand in the pressure washer pumps industry, this product delivers durability and performance in high-demand professional applications.
