Manufacturer: Annovi Reverberi Pumps

AR Pump XWM2623NHT Pump: 6.87/3600 1450RPM HOT
Description
This Annovi Reverberi Plunger Pump XWM2623NHT is a highly versatile, efficient pump designed for various high-pressure applications. Suitable for residential and commercial uses, this pump runs at a maximum speed of 1450 RPM, delivering uninterruptible power. It is ideal for pressure washing, car washing, carpet cleaning, and several other applications that require steady, high-intensity water pressure.
A prime choice among professionals, this AR Plunger Pump brings performance and reliability to your operations. Its impressive flow rate and maximum pressure guarantee unparalleled results whatever the task. Additionally, its solid construction and top-quality materials ensure longevity, providing brilliant value for your money. You will appreciate this pump's dependability and consistent performance.
Features

- Top Quality Construction: Built to last, ensuring longevity.
- High-Speed Performance: Features a maximum speed of 1450 RPM.
- Impressive Flow Rate: Offers unparalleled results in diverse applications.
- Maximum Pressure: Ideal for tasks requiring high-pressure water delivery.
- Excellent Dependability: Known for its consistency in performance.
