## Clean Storm 20241214, Brass Adapter, 3/4"-16 Male JIC x 3/8" Female JIC Flare, Straight Fitting 1.56 in

Model Number: 20241214

Clean Storm 20241214, Brass Adapter, 3/4"-16 Male JIC x 3/8" Female JIC Flare, Straight Fitting 1.56 in

Manufacturer: Clean Storm

Clean Storm 20241214, Brass Adapter, 3/4"-16 Male JIC x 3/8" Female JIC Flare, Straight Fitting 1.56 in

### Description

The Clean Storm 20241214 Straight Brass Adapter provides a reliable and leak-resistant connection between fluid and hydraulic line systems. Engineered with precision, this adapter features a 3/4"-16 Male JIC connection (1/2" Male flare with a 37-degree bevel) on one end and a 3/8" Female JIC Flare connection on the other. Measuring 1.56 inches in overall length, its solid brass construction ensures excellent corrosion resistance and long-lasting durability across high-pressure washing and hydraulic applications.

### Features

- **Durable Brass Construction:** Offers superior resistance to corrosion and wear for reliable performance under demanding operations.
- **Precision Threading:** Features a standard 37° JIC flare bevel for secure, tight-sealing connections without leakage.
- **Versatile Compatibility:** Seamlessly converts a 3/4"-16 Male JIC connection down to a 3/8" Female JIC flare line.
- **Compact Design:** Overall length of 1.56 inches allows for easy installation in tight spatial configurations.
