Model Number: 114884

Legend Brands 114884 165 Degree Thermal Relief Vent Valve Sapphire Scientific 23-145 Number 29 in Image

Manufacturer: Legend Brand

Legend Brands 114884 165°F Thermal Relief Vent Valve | Sapphire Scientific 23-145
Legend Brands part 114884, also referenced as Sapphire Scientific 23-145, is a 165 degree thermal relief / vent valve used on select carpet cleaning extractor and truckmount heater systems. This valve helps relieve excess heat and pressure from the system when temperatures reach the rated limit.
Product Details

- Part Number: 114884
- Cross Reference: Sapphire Scientific 23-145
- Temperature Rating: 165°F
- Type: Thermal relief / vent valve / Normally Closed, opens on rise
- Brand: Legend Brands / Sapphire Scientific
- Image Reference: Number 29 in diagram

Common Use
This valve is commonly used as a replacement heater system safety component. Thermal relief valves help protect pumps, heaters, seals, and related plumbing from excessive heat build-up in bypass or low-flow conditions.
Before Ordering

- Confirm your equipment model and parts diagram before purchase.
- Match the part number 114884 or 23-145.
- Display images are for reference only. Orders are filled by the part number ordered.
- Specifications may change without notice.
- Factory does not specify the pipe thread connections for water in or out.
- Factory does not specify the brand or color of the item, and it only filled by part number.
- Outbound connection contains dual ports. One hose to travel to water box and one travels to vacuum waste tank.
- Factory collects 25% restocking fee on returns, loss of all shipping charges, and only supplies store credit on returns (no refunds). Please confirm you plan on keeping and using this part before purchasing.

Shipping Notes
Steam Brite processes shipments by UPS, FedEx, USPS, and freight carriers when needed. Website availability does not guarantee local San Antonio warehouse stock. Special-order factory parts may require additional lead time. Item can ship from factory direct to your office.
