Product Description
The PG 8 S is a powerful and robust planetary floor grinder with a focus on simplicity. This is a good choice for grinding and polishing jobs, and for users who prefer a non-motorised drive. Easy to use, the PG 8 S has a large capacity thanks to the 32 in / 800 mm grinding width and powerful motor. Adjustable weights for extra grinding pressure are optional.

The hermetically sealed design of the grinding head and electrical cabinet, along with the robustness of the components, contributes to high reliability and low maintenance.

Optional: Weights, water kit
Tool holder: EZchange™
