Auto pump out at 6 GPM  
Patent pending air/water separation system, no defoamer needed  
Dual 6.6 stage high velocity vac motors 170 CFM @ 15 HG!

>

Saves Time & Labor  
Only 44 lbs, fits in any car!  
2" vacuum port can use either 2" or 1.5" vacuum hose. (with 1.5" vacuum hose use the AH46 expanded hose cuff)

Today, extractors are heavy and bulky, weighing close to 100lbs requiring a large vehicle for transportation. In addition, they must be filled and emptied continuously throughout the entire job; a process known as the "Bucket Brigade".

The new CFX is compact, weighing only 44lbs. It can be carried in one hand or transported in any size vehicle. The CFX utilizes Continuous Flow Extraction for nonstop cleaning. An easy direct faucet hook up adapter provides an unlimited clean water supply. As the dirty waste water enters the recovery tank it is automatically pumped out into any toilet or drain. With the CFX you can perform High Flow non-stop extraction cleaning and say goodbye to the "Bucket Brigade"; forever.

If you are wanting to operate this unit with a generator, it is going to pull 2400 watts (1200 per cord) so to prevent an over load, we suggest that you use a 4800 watt surge generator.

Optional:

Power Cord Needed

2 power cord needed for vacuum, the Mytee Trex includes a power cord.  
Extension Power Cord 12-3 X 50 ft 115 volt AX33 860831 E530 M1394  
860831 D16612050
