

Model Number: 970621502

Husqvarna 970621502, Kâ€™1 PACE Rail Power Cutter Battery Powered Saw, 14in (350mm) Blade Size, GTIN 805544329187

Manufacturer: Husqvarna Equipment

Husqvarna 970621502, Kâ€™1 PACE Rail Power Cutter Battery Powered Saw, 14in (350mm) Blade Size, GTIN 805544329187

Description

Cutting a rail track requires power, precision and speed. The Kâ€™1 PACE Rail delivers all this and more by combining efficiency and a powerful motor with new advances in technology - and all this comes with the freedom of battery power. The X-Halt brake function delivers great operational safety and the excellent power-to-weight ratio provides optimal balance. The Kâ€™1 PACE Rail is specially designed for work on railways, tram tracks and metro systems. It cuts fast and straight, the attachment mounts quickly to the rail and the double attachment mountings enable cutting from any direction.

Features

- High performance Powerful and efficient, Husqvarna-designed, brushless motor that delivers high and consistent torque.
- Zero direct emissions during use makes working in tunnels, subways, indoors and other spaces where emissions are regulated or controlled easier and more comfortable.
- Perfect right-angle cuts. Cutter arm designed for a fast and firm fit to the rail. A two clamp switch provides precise right-angle cuts in all positions and a folding guide to mark the exact cutting position.
- Zero COâ„, emissions during use. Enjoy the freedom of working with an electric machine. Explore the potential of new applications by running the machine indoors or in urban areas where emissions or noise levels might be regulated.
- Work faster Compact design, great ergonomics, and a very low weight help you to work faster, move more easily, and make operation more comfortable.
- The 94V PACE system provides outstanding battery capacity and runtime. The single battery system is also compatible with other PACE machines.
- Exceptionally low vibrations, easy maintenance with no air filters required and built-in connectivity with Husqvarna Fleet Services.
- This machine is part of the PACE battery eco system which makes it compatible with many other Husqvarna machines. This means flexibility and the potential for cost savings.
- Safe operation X-Halt blade brake function capable of stopping the rotation of the blade in fractions of a second.
