Husqvarna 536089802, WT 10 MP 2.6 Gal Pressurized Water Tank, GTIN 805544321273

Description

If there is no water supply nearby, you can use a pressurised water tank. Pumping the handle a few times gives the required pressure. The tank holds 10 litres and comes complete with hose which is connected to the wet cutting kit on the machine.

Features

- The flat bottom and bottom-mounted hose enhance stability, minimising the risk of accidental tipping during use.
- The pressure guard helps prevent dangerous overpressure.
- The robust polyester-coated hose delivers reliable water flow even in harsh conditions.
- An integrated water filter prevents impurities from entering the hose and reduces the risk of clogs or damage to your equipment.
- The translucent tank makes it easy to see the water level.
