Description

Part of our Bronze series of blades, the Tacti-Cut™ S50 is an all-round blade for cutting universal construction materials such as concrete products, pavers, bricks and building blocks. This is the ideal choice when looking for an excellent performance-to-price ratio.

Application: Hard materials such as natural stone, reinforced concrete with hard aggregates

Features

- The composition of the blade is designed for high speed in hard materials.
- Developed for fast cutting in universal construction materials, with a focus on hard materials like granite and hard concrete.
- Our 'Easy-fit' system allows the expansion of the bore hole from 20.0 to 25.4 mm. This enables you to mount the blade on different types of machines (power cutter, table saw, floor saw). Applies to blade diameters up to 400 mm.
- All Husqvarna blades are designed and produced according to EN13236 standards. Husqvarna is also a leading member of OSA (Organisation for the Safety of Abrasives), guaranteeing the user a safe and trouble-free operation of its products.
- All Husqvarna blades are produced according to ISO 9001 quality standard, using the best materials and production methods, guaranteeing a stable and consistent
