Experience next-level cleaning power! We're thrilled to announce the exciting redesign of our popular Mojave Series hot water pressure washers, engineered to deliver even greater performance, durability, and convenience.

The biggest game-changer in this redesign is the addition of powerful steam capability to more models. Beyond hot water, the Mojave Series can unleash superheated steam, providing unparalleled sanitization, effortless degreasing, and chemical-free cleaning for the most challenging jobs and even the most delicate surfaces.

We've also enhanced the construction with solid stainless steel side panels. This upgrade gives the Mojave Series a sleek aesthetic and also provides superior protection and longevity.

And for convenience on the job, the redesigned Mojave Series now features an integrated toolbox. Keep your essential nozzles, fittings, and small tools within easy reach, saving you time and streamlining your workflow.

We're confident the redesigned Mojave Series, with its enhanced features, will be a valuable addition to your product offerings and highly sought after by your customers.
