Husqvarna 966844820, Early Entry Saw Soff-Cut 150, 6.5 in, 4.8 hp, Honda GX160, GTIN 805544298957

#### Description

The Husqvarna Soff-Cut 150 saw is designed for residential and light commercial applications. The lightest gas saw in the Soff-Cut range, the 150 is designed for ease of use and convenience. Features include a patented low noise blade enclosure which allows the unit to be used in residential areas with minimal disruption. In addition, the low-dust blade block system allows the saw to cut dry, and it controls the debris for easy cleanup.

Husqvarna Soff-Cut technology is a unique patented system for early entry concrete sawing. This technology enables concrete to be cut within the first one or two hours of finishing and before final set. Husqvarna Soff-Cut® provides the best solution for minimizing the risk of random cracking, and it simplifies the working process, compared to conventional sawing.
