Early-entry cutting for green concrete
The Husqvarna 542756165 Excel Red XL12S14-3000 is a Gold performance level diamond blade supplied with a skid plate for the Husqvarna Soff-Cut system. Use it for ultra-early entry control-joint cutting in green concrete with hard to medium aggregate and medium abrasive sand.
The blade uses the distinctive Soff-Cut triangular arbor. Match the blade to your concrete mix and saw configuration before ordering.
Key features

- Excel Red / XL-3000 series: application-specific tooling for green concrete.
- 12-inch blade: sold under the XL12S14-3000 designation.
- Dry-cut design: intended for the Soff-Cut early-entry system.
- Blade and skid plate package: includes one diamond blade and one skid plate.
- Positive part identification: manufacturer part 542756165; UPC/GTIN-12 805544523813.

Saw compatibility
Listed for Husqvarna Soff-Cut 4000 and 4200 saws. Confirm the exact saw configuration, allowable blade width, triangular arbor and correct skid plate before purchase.
Does not fit the Soff-Cut 150 E. That saw accepts blades up to 6.5 inches in diameter; this blade is 12 inches. A product-family compatibility list does not establish fit for every blade size.
Before ordering

- Verify that part number 542756165 is the blade required for your application.
- Confirm blade diameter, width, arbor and skid plate against your saw manual.
- Contact Steam-Brite for current availability and estimated shipment timing if your job has a firm deadline.

Follow the saw and blade manufacturer's instructions for cutting timing, maximum speed, mounting, guarding, dust control and personal protective equipment.
