Karcher 9.804-921.0, Discharge Hose Kit 3" x 50', 98049210

Description
The trash pump water pump tackles tough jobs with ease. Unlike standard pumps, it moves debris up to 1" in diameter, making it ideal for clearing flooded areas or dewatering construction sites. With a 26-foot suction lift, it handles uneven terrain effortlessly, while its swift flow rate can drain a pool in under an hour. Powered by a reliable Honda gas engine with direct drive, the Trash Pump Water Pump features a painted steel frame for easy handling, vibration-isolating rubber pads for stability, and is built to withstand tough conditions. Simple to operate and incredibly versatile, it's perfect for a range of tasks, from draining pools to managing agricultural irrigation.
Features

- Move debris up to 1" diameter
- A remarkable 26-foot suction lift, making it perfect for challenging job sites with uneven or dangerous ground
- Reliable Honda gas engine, direct drive
- Swift flow rate can drain a pool in less than an hour
- Painted steel frame allows for easier handling
- Tailored inlet/outlet fittings and water filter with hose barb
- Vibration-isolating rubber pads provide stability
- Built to withstand tough conditions and simple to operate
