Husqvarna 586905102, DS 900 Core Drill Kit Without Column for DM 700, Drill Bit 35in, Freight Included, GTIN 805544181662

Manufacturer: Husqvarna Equipment

Husqvarna 586905102, DS 900 Core Drill Kit Without Column for DM 700, Drill Bit 35in, Freight Included, GTIN 805544181662
No Drill, No Column!
Description
DS 900 is a drill kit for big diameter core drilling. It is a robust and ideal for tough applications. DS 900 works especially well together with DM 700 core drill motor, part of the PRIME™ product range. The excellent power-to-weight ratio and user-friendly setup together with the high stability and robustness of DS 900 kit can use the same column as the wall saws in the WS 400 range.
Features

- Flexible system with wall saw column
- Easy to set up and use
- Attachment kit
- Ideal for all core drilling up to 900 mm
- Precision drilling of deep holes and holes with big diameters
- Heavy-duty applications
