Product Details

Dry Slurry is an industry leader and cleaning benchmark for alkaline extraction rinses. It is powerful enough to be used for one-step or two-step hot water extraction cleaning processes and yet gentle enough for use on 5th generation stain-resist nylon carpets. This economical powdered product can be used with truckmounts or portables on most synthetic fibers. Solvent-boosted formulation removes heavy suspended greasy soils, grime and prespray residue that others leave behind. (Replacement for #119339 and #112249 - Prochem Clean Green)

Specifications

RTU pH: 9.6-9.9

Coverage: One 6 lb. jar makes up to 1,040 gals. of RTU solution for approximately 400 sq. ft. per diluted gal.

Dilution portables: 0.5 to 1.5 oz. per 5 gals. of water

Dilution truckmounts: 3 cups per 5 gals. of water
