Description
Applications: General purpose drilling of reinforced concrete with soft to hard aggregate, masonry, brick and block

Banner Line bits are used for general purpose drilling of concrete, masonry and brick. This includes concrete with soft to hard aggregate and light to medium steel reinforcing and is also effective on granite, marble and stone. Custom specs are available including open-end, spoke-back, non-standard length and threaded tubing for deep drilling.
Features

• Thin tube and segments with lighter weight enables smooth and rapid drilling especially for handheld applications.

• Designed to cover a wide number of applications while offering problem-free drilling with most drill motors and materials.
