#1 best selling all in one carpet cleaning machine and tile cleaning machine

The best thing about the Clean Storm Tile & Grout Extractor that makes it unique from other Tile & Grout Extractors is the fact that it is a much lighter machine and has more vacuum (5 stages instead of 4 stages) than most others. You will find this 12 gallon machine easy to move with its size and weight but You'll find it packs a punch when it comes to its cleaning power. Adjustable 50-1200 PSI allows you to lower the pressure for carpets or upholstery and to crank it up for Tile & Grout. When faced with tough dirty jobs the Clean Storm is the right tool for the job!!!

Features

- Has both a Single 2 Stage, and Single 3 Stage vacuum motor making this machine one of the strongest vacuum system out of all branded all-in-one tile cleaning machines.
- Better housing design.
