Udor USA P-Series 18mm Seal Kit 6061.08

Manufacturer: Udor USA

Udor USA P-Series 18mm Seal Kit 6061.08
Description
Udor 6061.08 Seal Kit UD-8 for P-Series High Pressure Plunger Pumps. You can use this kit to replace the seals in your Udor Plunger Pump with 18 mm seals.
The seals in a Udor pump are often replaced if the pressure pump is leaking oil or water from between the plunger pump head and the body. If your car wash pump has sprung a leak you may wish to install new seals. Please see the Udor Troubleshooting Guide document, as it will help you determine the problem with your car wash pump and how to fix it.

Udor UD-8 Seal Kit (# 6061.08)

- 3 sets of seals in kit
- Works on Udor P-Series High Pressure Plunger Pumps. Also works on PDCW-Series.
