Model Number: 6061.B2

Udor USA B/BK Series 15mm Seal Kit 6061.B2

Manufacturer: Udor USA

Udor USA B/BK Series 15mm Seal Kit 6061.B2
Description

Used with B Series and BK Series pumps, the Udor seal kit 6061.B2 replaces worn out seals inside a pump to get it back into peak operating condition. This kit contains official OEM seals that measure 15mm in diameter. Since these are genuine manufacturer parts, they are constructed with same materials and dimensions as the original so you can have the confidence they will fit just like the originals. Plus, these seals will have the same chemical compatibility and temperature tolerances.
Specifications:

- Manufacturer: Udor
- Part Number: 6061.B2
- Item: Seal Kit
- Size: 15mm

Compatible Pumps:

- B Series
- BK Series
