Model Number: 6061.12

Udor USA C, CK, NK and NKS 28mm Seal Kit 6061.12

Manufacturer: Udor USA

Udor USA C, CK, NK and NKS 28mm Seal Kit 6061.12
Description

Udor Kit 12 is a pack of seals used to replace worn or leaky seals in pumps. These seals are designed to ensure a proper fit when installed inside C, CK, NK, and NKS Series pumps. These official OEM seals measure 28mm in diameter and are made with the same material as the original ones so they last just as long and deliver the same chemical compatibility.
