Husqvarna 598886401, Elite-Grind EZ T-Rex Super R Protective Segment 3 Pieces, Gold, GTIN 805544435871

Description

EZchange[®] tool system featuring 5 PCD (polycrystalline diamond) claws with or without a protective segment, making it highly effective for removing any elastic contaminants such as glue or coatings. Designed specifically for this purpose, it ensures efficient and thorough removal. As a result, it leaves behind a moderately to highly scratched surface, providing the desired texture for subsequent treatments or applications. Whether you need to tackle adhesive residues or coatings, this system provides the versatility and performance required for highly professional applications.

- Efficiently removes all kinds of strongly bonded coatings, adhesives and screeds, such as epoxy, glue and paint.

- This engineered system ensures an optimal balance between tool wear and grinding or polishing speed, helping you achieve the desired result in a minimal amount of time.
