Description

The Clean Storm SS1404-04-04 is a premium 316 stainless steel non-live pipe swivel fitting engineered for high-pressure hydraulic, pneumatic, and industrial fluid systems requiring superior corrosion resistance. Featuring a 1/4" Male NPT (MNPT) to 1/4" Female NPSM (FNPSM) connection, this compact adapter simplifies alignment and installation in tight or complex fluid line configurations.

Note on Non-Live Swivel Functionality: This fitting is designed to swivel during assembly to ease positioning and prevent hose twisting. Once fully tightened and assembled, the swivel action ceases. To disassemble, the swivel action can be broken loose again. This product does not provide swivel action while operating under pressure.

Features

- **Corrosion-Resistant Construction:** Fabricated from high-grade 316 stainless steel for exceptional durability in harsh environments.
- **Easy Assembly Alignment:** Swivels freely during installation to align connections without binding or twisting lines.
- **High-Pressure Performance:** Rated for up to 5,000 PSI to meet demanding industrial fluid handling requirements.
- **Extreme Temperature Capability:** Engineered to withstand temperatures up to 1,000°F.
- **Industry Compliant:** Manufactured to meet ASME B1.20.1 and SAE AS71051 standards.
- **Buy More & Save More:** Bulk pricing options available for commercial and volume orders.

Brand

STAINLESS ADAPTERS / Clean Storm

Parts & Accessories > Brass, Plastic, Steel, Stainless Hydraulic Fittings > Stainless Steel Fittings > Clean Storm SS1404-04-04, 316 Stainless Steel Pipe Swivel Fitting, 1/4" MNPT x 1/4" FNPSM, Non-Live

Clean Storm SS1404-04-04, 316 Stainless Steel Pipe Swivel Fitting, 1/4" MNPT x 1/4" FNPSM, Non-Live

Part / Model Number
SS1404-04-04

Fitting Type
Pipe Swivel Adapter (Non-Live)

Connection Type 1
1/4" Male NPT (MNPT)

Connection Type 2
1/4" Female NPSM (FNPSM) Swivel

Thread Size
1/4-18

Material Construction
316 Stainless Steel

Working Pressure Rating
5,000 PSI

Maximum Temperature Rating
1,000°F

Overall Length
1.44 in

Standards Met
ASME B1.20.1, SAE AS71051

Use Case
High-pressure hydraulic, pneumatic, and industrial fluid systems
