Description
Experience the cutting-edge technology of Elite-Polish™ EF D for effortless and superior concrete polishing results in dry applications. This tool features a flexible backing that effortlessly follows the contours of any floor, including irregularities. The high-quality foam construction ensures a longer lifespan, providing reliability and durability. With our EZchange™ attachment system, tool changes are easier and faster, making the process efficient and hassle-free.
Features

- Compared with other polishing pads, these tools provide a higher gloss and clarity level in just one pass – saving time and reducing the cost per square meter while allowing you to achieve excellent results.

- Optimised for dry polishing cement-based terrazzo floors.

- The tool’s flexible backing is designed for managing low spots on irregular floors.

- The EZchange™ system allows for quick and hassle-free diamond tool changes without the need for multiple diamond holder discs or time-consuming screw-on systems. Compatible with machines from a variety manufacturers.

- This engineered system ensures an optimal balance between tool wear and grinding or polishing speed, helping you achieve the desired result in a minimal amount of time.

- Optimised for dry polishing concrete floors.
