Description

Experience the cutting-edge technology of Elite-Polish[®]; EF D for effortless and superior concrete polishing results in dry applications. This tool features a flexible backing that effortlessly follows the contours of any floor, including irregularities. The high-quality foam construction ensures a longer lifespan, providing reliability and durability. With our EZchange[®]; attachment system, tool changes are easier and faster, making the process efficient and hassle-free.

Features

- Compared with other polishing pads, these tools provide a higher gloss and clarity level in just one pass – saving time and reducing the cost per square meter while allowing you to achieve excellent results.
- Optimised for dry polishing cement-based terrazzo floors.
- The tool's flexible backing is designed for managing low spots on irregular floors.
- The EZchange[®]; system allows for quick and hassle-free diamond tool changes without the need for multiple diamond holder discs or time-consuming screw-on systems. Compatible with machines from a variety manufacturers.
- This engineered system ensures an optimal balance between tool wear and grinding or polishing speed, helping you achieve the desired result in a minimal amount of time.
- Optimised for dry polishing concrete floors.
