#### Description

Experience the cutting-edge technology of Elite-Polish®; EF W for effortless and superior concrete polishing results in wet applications. This tool features a flexible backing that effortlessly follows the contours of any floor, including irregularities. With our EZchange®; attachment system, tool changes are easier and faster, making the process efficient and hassle-free.

#### Features

- Ideal for wet polishing concrete, terrazzo (cementitious and resin-based), and calcareous stone.
- The tool's flexible backing is designed for managing low spots on irregular floors.
- The EZchange®; system allows for quick and hassle-free diamond tool changes without the need for multiple diamond holder discs or time-consuming screw-on systems. Compatible with machines from a variety of manufacturers.
- The VELCRO®-brand backing makes the tool universally compatible and allows resin pads to be switched easily between different tool sets.
- Dry grinding enables a fast working speed and an extended tool life. This supports efficient grinding or polishing with minimal downtime and high durability.
