RHG 20007.5 Tucker Bulk Replacement One Half Cubic Foot of Virgin DI Resin

Model Number: 20007.5

RHG 20007.5 Tucker Bulk Replacement One Half Cubic Foot of Virgin DI Resin

Manufacturer: RHG Reach Higher Ground

Bulk Replacement One Half Cubic Foot of Virgin DI Resin 20007 RHG / Tucker

Description

One Half Cubic foot of virgin DI Resin from Tucker®. Great for refilling the various refillable filter cartridges on the market today.
Most sell resin in bags that are not easily resealable, which often causes the resin to go bad prematurely. This DI resin is sold in a resealable, reusable bucket to ensure that it lasts as long as possible while being stored. The shelf life of this resin is typically 6 months depending on storage conditions.
Note: Water purified by DI resin is non-potable. Do not drink DI water.
